3d Term.—Butler's Analogy; Science of Language, *Muller*; General Topics in History; History of Civilization, *Guizot*.

CLASSES.

Classes are formed in the school outside the regular course somewhat according to the wants of the students; but classes beginning with the school year, usually continue from one term to another without change.

MISCELLANEOUS.

THESIS.—In each course a thesis must be written upon some educational subject.

SUBSTITUTIONS.—Ladies may be permitted to substitute for Spherical Trigonometry, Analytical Geometry, Calculus and the Mathematical parts of Natural Philosophy and Astronomy, an equivalent amount of Latin, French or German.

SCHOOL YEAR—Shall consist of forty-two weeks.

AT EXAMINATION, a paper stating that the candidates have completed the course of study for Normal Schools; have taught the required time in the Model School, and have been examined and approved by the faculty, shall be presented to the Board of Examiners.

RECOMMENDATION.—The pupils of the Normal School are recommended to study the Latin, French and especially the German language, as far as practicable.

The books used in German are Woodbury's New Method, Woodbury's German Reader, Schiller's Wilhelm Tell, Works of Goethe and others.

In French, Fasquelle's French Course, French Reader, Pujol and Van Norman's Complete French Course, Corinne, Piccola.

It is very desirable to form all classes in the languages the first term of the school year, and that those commencing any language should continue at least one year.

EXAMINATIONS.

The examinations for graduation are conducted by the Faculty of the School, and by a Board of Examiners.

The Faculty first examine the candidates, and if found qualified, they refer them to the Board.

The State Superintendent, who is President of the Board, two Principals of State Normal Schools and two County Superintendents of Fifth District, constitute the Board of Examiners.

STATE APPROPRIATIONS

TO STUDENTS AND GRADUATES.

By a recent Act of the Legislature, the following appropriations are made by the State to Normal Students and Graduates:

1. Each student over *seventeen years* of age, who shall *sign a paper* declaring his *intention* to teach in the Common Schools of the State, shall receive the sum of FIFTY CENTS *per week* towards defraying the expenses of tuition and boarding.

2. Each student over *seventeen years* of age, who was *disabled in the military or naval service* of the United States, or of Pennsylvania, or whose *father lost his life* in said service, and who shall sign an agreement as above, shall receive the sum of ONE DOLLAR *per week*.

3. Each student who *upon graduating* shall sign an agreement to teach in the Common Schools of the State *two full School years*, shall receive the sum of FIFTY DOLLARS.

4. Any student to secure these benefits, must attend the School at least twelve consecutive weeks. These benefits are to be deducted from regular expenses of board and tuition.

DIPLOMAS.

A student graduating in the Elementary Course, will receive a diploma, in which will be named the branches he has studied and by which he will be constituted BACHELOR OF THE ELEMENTS; the diplomas of those graduating in the Scientific and Classical Courses, will enumerate the distinctive branches of these Courses, and constitute their holders, respectively, BACHELORS OF THE SCIENCES, and BACHELOR OF THE CLASSICS.

Regular graduates who have continued their studies for *two years*, and who have practiced their profession during *two full annual terms** in the Common Schools of the State, and who have presented to the Faculty and Board of Examiners, a certificate of good moral character and skill in the Art of Teaching from the Board or Boards of Directors in whose employ they taught, countersigned by the proper County Superintendent, may receive second diplomas, constituting them MASTERS in the several studies embraced in the Course in which they grad-

*An annual Term must be at least *four months*.

uated, and conferring upon them corresponding professional degrees, as follows:

Teachers of Elementary Didactics.

Teachers of Scientific Didactics.

Teachers of Classical Didactics.

The Normal School law makes it the duty of the authorities of the Normal Schools to grant Diplomas or State Certificates to actual Teachers in Common Schools, without their having attended the Normal Schools as students. The following are the conditions upon which these Diplomas will be granted:

1. Each applicant must be 21 years of age, of good moral character, and have taught successfully during three consecutive terms in a common school or in common schools in this State; the proof of age to be the declaration on honor of the applicant, and of moral character, and the satisfactory discharge of the requisite terms of teaching, a certificate from the proper Board or Boards of Directors, signed by the President and Secretary, and countersigned by the proper County Superintendent or Superintendents.

2. The examinations to be in the Elementary, Scientific, or Classical Course, as the applicant may select, according to the list of studies as printed in the circulars of the State Normal Schools, and approved by the Superintendent of Common Schools, or in such other studies as may by the Board of Examiners be deemed equivalent.

3. Any person obtaining a certificate in the Elementary or Scientific Course, may, at the next or any succeeding annual examination, be examined for the higher course, and obtain the proper certificate.

4. Each applicant to prepare and present to the Board of Examiners an original thesis on some professional subject, of not less than six folio pages of manuscript, to be retained at the school where the examination takes place.

5. The examination and certificate to be without expense to the applicant, and the certificate to be full evidence of qualification to teach the branches therein named, in any part of the State, without further examination.

6. Practical teachers attending examinations at State Normal Schools, for the purpose of procuring State Certificates, should be examined separately from the regular students, and both

the Board of Examiners and the Faculty of the school at which the examination is held should take part in the examination, all being required to sign the certificate.

All the Diplomas are authorized and furnished by the State, and exempt those who hold them from any further examination by authorities acting under the provisions of our Common School laws.

APPLICATION FOR TEACHERS.

Many Principals of Academies and Seminaries, and Directors of Common Schools apply to us for Teachers. We are always glad when we can answer such requests by furnishing good teachers, but we are better able to do so near the close of each term. Our friends must not suppose, however, that *all* persons who attend our school three to six months, are made good teachers.

We hold ourselves responsible only for graduates.

Terms.

The Normal year is divided into three terms, 14 weeks each.

Expenses.

Tuition, Boarding, including Heat, Light, Room Rent and Washing, payable one-half in advance, \$62.00 per term; \$186.00 per year.

Tuition, without Boarding, payable in advance, \$10.00 per term; \$30.00 per year.

Those who complete the required course of study in any branch, are awarded a diploma.

No deduction will be made for temporary absence from lessons, nor for lessons discontinued, before the close of the term.

Government.

The government of the School is based upon the principle, "*Do right because it is right.*"

Special efforts are made to secure obedience to regulations by the cultivation among our pupils of a high *sense of honor*.

The positive regulations adopted are based upon the following principles :

1st. No student should be allowed to trespass upon the rights and privileges of another.

2d. Privileges that all cannot enjoy, should be granted to none.

It is taken for granted that every student who enters the school is disposed to do right, and to obey the particular regulations of the school, and implicit trust is placed in his sense of honor and propriety.

If pupils are not doing well, either through indolence, negligence, or otherwise, their parents or guardians will be informed of it.

If this does not secure attention to duties, a request will be made for their withdrawal, or they will be removed by the authorities of the school.

Parents and guardians are earnestly requested not to send us persons who have contracted bad habits, as the safety of others will demand their dismissal.

Every care is taken to remove temptation to wrong doing, but upon the discovery that a student *cannot be trusted*, he will be removed from school.

Location.

Mansfield is a village situated on the Tioga Railroad, thirty-one miles from Corning, N. Y., and ten miles from Blossburg, and on the Troy and Wellsboro Stage Line, sixteen miles from Troy and twelve miles from Wellsboro. The population of the place is about 800; and by a special act of Legislature, no intoxicating liquors can be sold within a radius of two miles of the State Normal School Buildings.

Students coming via the *Northern Central R. R.* or *Lehigh Valley R. R.*, change cars at *Elmira, N. Y.*, and at *Corning, N. Y.*; those residing on the *Erie R. R.* change cars at *Corning, N. Y.* Students coming via *Northern Central R. R.* can come by Stage from Troy.

Buildings and Fixtures.

The building is of brick, one hundred and fifty feet in length by fifty feet in width. The main building is five, and the wings four stories high, including the story of sky-lights. The rooms for students are large, with extra height of ceiling.

The cost of the buildings and grounds is about thirty-six thousand dollars.

The demand upon the school for rooms, calls in the most urgent manner for more buildings. It is hoped that the way may be opened ere long for making the needed additions. A building of equal size with the one now occupied is required to meet the wants.

The boarding hall is so arranged that students are grouped in families of ten or twelve at the tables. This grouping is made with distinct reference to the cultivation of social habits, and the rules and usages of good society. Each table has an equal number of each sex alternately seated around it. By this arrangement, very many of those rude and unrefined habits so often met with in boarding halls are done away with.

As in the home circle, the association of brother and sister is beneficial, so in the school-room the co-education of ladies and gentlemen is deemed mutually beneficial; and we have invariably found, that the good sense of both, when under proper restraint and regulation, has developed a social intercourse which has been productive of a greater growth in mental and moral culture.

The four churches of the place furnish opportunities for religious worship on the Sabbath, and each student is required to attend some place of worship at least once on the Sabbath, unless for *special* reasons he may be excused. Among the other religious privileges of the school, are the Sabbath Morning Bible Classes and Sabbath Evening Prayer Meeting. Students are cordially invited to attend them.

Regulations.

1. Students entering are required to register their names at the Principal's office and pay the Tuition and one-half of Board Bill.

2. Every student is requested, on entering, to give the Principal information in regard to the following particulars:— Whether he designs fitting himself for a teacher; what length of time he designs remaining in the Institution, and whether he desires to pursue the regular course for Graduation.

3. Students who have never been employed as Teachers, are requested, before presenting themselves to County Superintendents for examination, to make known their intention to the Principal.

4. Students boarding in the building are requested to provide themselves with *slippers*.

5. The hours regularly assigned to study are to be faithfully devoted to the preparation of the exercises required.

6. All students are requested to attend the morning and evening Chapel exercises; the evening Chapel exercises, however, are voluntary on the part of those who do not board in the Normal Building.

7. The study hours during the year are as follows: A. M., 8 to 12; P. M., $1\frac{1}{2}$ to $4\frac{1}{2}$, and from Evening Chapel (7 o'clock) till $9\frac{3}{4}$. The retiring hour is $9\frac{3}{4}$ in the evening.

8. No verbal excuses are received for absences from Chapel exercises or from any class exercises; but cards of excuse will be granted by the proper authority when satisfactory reasons are given. These cards should be obtained before the absence when practicable. All students connected with the institution, whether boarding in the building, in clubs or private families, wishing to leave town, are requested to obtain a card from the Principal, stating the time they are to be absent. These cards are to be given to the Registrar.

9. Each student will be held accountable for any disturbance or damage in his room.

10. No nails must be driven into the walls or ceiling, or alterations be made in the windows, doors or any appendage of the rooms, without permission from the Superintendent. The Superintendent will visit each room, at least once a week, and if damaged, it may be repaired, or, if unnecessarily dirty, it may be cleansed at the expense of the occupant.

11. No water, dirt, or other material, must be thrown from the windows.

12. Students are not allowed to visit one another's rooms du-

ring the regular hours of study, and no change of rooms must take place without permission from the Principal.

13. Each student of Music on the Piano or Melodeon will have regular hours assigned for practice, during which time no spectator must be present to interrupt the exercises or divert the attention.

14. All students who are tardy, unnecessarily, at meals, must forfeit them ; all must conduct themselves at table in a becoming and orderly manner, and no one must leave before the rest without good reason and permission from the lady sitting at the head of the table. Any student sick or indisposed, and requiring attention, must have himself reported to the Matron, and he will be waited upon in his room.

15. It is expected that the ladies and gentlemen of the Institution will treat one another with politeness, but they will not be allowed to assemble in the Chapel, Recitation Rooms or Halls, during Recreation hours, for conversation, except at stated times when permission is given to assemble in the Chapel. At the close of evening lectures or Society meetings, all will repair immediately to their respective rooms. Neither sex will be expected to trespass upon that portion of the building assigned to the other.

16. All students desiring their friends to remain at the School for meals, in order to secure seats for them at the table, must give due notice to the Steward or Matron. A violation of these arrangements will be considered a breach of hospitality.

17. Students will not visit the dining room, at any other time than meal time, the wash room, kitchen or the music rooms without permission.

18. Loud talking, whistling, scuffling, etc., in the building, are prohibited. Pupils violating this rule will forfeit their rooms.

19. The use of Tobacco, in any form, is strictly prohibited in the building.

20. The Office Room is always open from 7½ o'clock A. M., to 9 o'clock A. M.; all business with the Principal must be attended to at this time.

These regulations have been adopted after very careful consideration as to what would best promote the good of the Institution and of those connected with it. It is hoped they will recommend themselves to the good sense of every student, and be obeyed because they are *reasonable and right*.
